Dear Parents

## NEWSLETTER 1/2021

Welcome back – we trust that you are all still safe and healthy after the festive season. 2020 had many challenges and as the current year is turning out, 2021 might not be much different. I want to express my appreciation for the way our staff, you as parents and our learners continue to handle this pandemic and its accompanying disruption.

Because of the President's announcement the dates for the reopening of schools in 2021 has been adjusted and thus the dates given to you in the last newsletter of 2020 is no longer valid. I will therefore repeat important information as already communicated to you and also include the adjusted dates for you to take note of.

## ACADEMIC

Academic school year 2021: The 2021 academic school year will take on the same format we adopted last year due to COVID-19. As we are still not allowed to operate at more than 50% learner capacity, we will once again use two learner groups, an A Group and B Group of learners.

Learners in both the Foundation Phase and Intermediate and Senior Phase will attend school on alternative days. *We will thus do away with the week-at-school and week-at-home format we used in the FP last year.*

Class lists 2021: We have already distributed the class lists for 2021. Please contact your 2020 class teacher if you did not receive it. New learners must please contact the school office for clarity: [admin@stulting.co.za](mailto:admin@stulting.co.za).

We also coordinated the brothers and sisters (households) in the different phases to ensure that they attend school on the same days. Please verify this and inform us if we missed anyone.

Days at home: Parents must take note that days at home are not “*OFF* days”. Learners attend school on their school day and receive homework to still be done on that same day. During days at home, learners must work constructively on planned school tasks of which they must give an account of the next day.

Schools will reopen as follows in 2021:

- Monday 15 February for **Group A learners** and
- Tuesday 16 February for **Group B learners**.

Screening will take place between 07:00-07:30. Screening entails taking the learners’ temperature, answering of a short questionnaire regarding learner symptoms and sanitizing of hands. The first academic period starts at 07:45.
